

To the Committee of the BCCGB

I herewith want to express my thanks for having invited me to judge at your open show, also for the wonderful reception at the venue and for making it look so nice with well sized rings. Congratulations Mr Peter Simmons and your staff. It was well organized and I have enjoyed it the fullest. I want to thank all exhibitors who have entered their dogs under me and have accepted my decision so sportingly about their dogs on the day. I must say that all did look great and were clean and well groomed ready for the show for which I am thankful to you all. I hope everyone present had a lovely time. Special thanks to the co judge Ms [Karen Anderson](#) with whom I had a nice BIS judging. Not to forget my 2 stewards [Phil Surridge](#) & [Colin Dowson](#) who have done a wonderful job. Also the catering service [Tracey Wilkinson Rankin](#) & assistant.

Well done all keep up the wonderful work.  
Wishing the BCCGB all the best for their upcoming events.  
Best regards [Paul Schevenels](#)

Minor puppy dog ( 6 entries 1 Abs)

1 st Tazaeos Solar Storm

8 months old B/W very promising puppy, looks like there will be a nice future ahead for him. Transiting coat texture at the moment. He has a nice typical head and expression with good ear carriage and uses them well, correct eye shape and color, very attentive, good under jaw and correct bite. Strong pigmentation nose, eye rims and lips. Good reach of neck, strong back for his age, minor raise in the back but will sure settle when growing up. Tail length correct. Legs nice straight in the front standing parallel when seen from the front, nice feet. Good shoulders well laid enough front angulated, elbow close to the chest which is already well developed for its age. Well angulated in the rear, would prefer a little more bend of stifle might still come when matured. Bone of good size will certainly be ideal when adult. Fluent in movement seen from the side, front and rear when not fooling the handler. Tail carried correct on the move. Would like to see his head more level with his topline when on the move. Kept in mind still a puppy. The handling of this young boy was as I like to see and on a loose leash when standing in front of me and on the move.

2 nd Fayken into Darkness with Arrodare

7 months old B/W another promising puppy, with certainly a bright future, at the moment in my opinion a little heavy in weight. Has also has the type of head that I like to see in a BC. Good expression, ears a little heavier at the moment, correct eye shape and color, correct bite and good under jaw excellent pigmentation on nose, lips and around the eyes. Excellent reach of neck well arched onto broad shoulders with a firm top line with good tail set reaching to the hock. Good depth of chest with elbow close to it. Front legs strong and an overall strong boned puppy, pastern has to strengthen up a little but it is still a puppy of course. Good shoulders, excellent angulations front and rear with excellent bend of stifle. Smooth and effortless movement for its age however still a little loose front legs. Well handled although I would like to see him stand free.

Oval shape eyes well set apart correct color. Good pigmentation. Good under jaw and correct bite. #### 1 st Altricia What About That

Little over 14 months. Nice eye catching B/W Tri color. Presented on a loose leash. This dog reminded me of some memorable typical BC oldies in the breed. He is of correct good size in height and length. Head of good proportions with keen and alert expression, good eye shape and color, ears set well apart and uses them well. Nice reach of neck well arched on to broad shoulders a firm top line and good depth of chest elbow close to it. Good front parallel seen from the front, nice pasterns, correct feet. Good rear angulations seems he still needs to strengthen up a little at his back legs, age related and or exited with the handler. Good bend of stifle. Lovely outline, athletic in appearance, loins deep but not up. Smooth, free movement gives impression of ability to move with stealth and speed. He sometimes fools a little around with his handler but he catches up and moves smoothly. Nice side movement. My opinion, I am sure that this dog once he has settled well in the show ring will catch the judge's eye and will be noticed. I for sure did like him and awarded him with Best Dog on the day. If he was a little more settled for the BIS judging he could have gotten more on the day.

#### 2 nd Caleykiz Born To Boogie JW

23 months. Very attractive and close to be also the winner of the class i made my final decision on the head. Attractive appearance. Very good quality dog with certainly a promising future ahead. Correct eye shape and color. Good reach of neck and arched down to the shoulders and strong topline. Lovely outline. Good front and rear angulations. Tail correct carried on the move. He did move smooth and with nice gait. Nice to see now he has already his JW. Will certainly be around winning well.
